

Help Support A Texas Size Road Trip

Aubrey's 7th grade students have been studying Texas history and science. The students are going on a "hands on" field trip to Austin and San Antonio where they will experience the history of Texas. They will visit places where significant events in history took place such as the Capital and the Alamo. In addition, they will encounter science at its finest with a visit to Sea World and Inner Space Caverns.

As you can imagine, to provide our students with this once-in-a-lifetime experience, we need financial support from our community. Our goal is to raise \$13,000.00. We are looking to provide your company with advertising and reach our goal at the same time. You can also make a dedication to that special person.

How Can You Help? You can put your company's name or logo on the back of our t-shirts that we will wear on the trip and around town long after the event.

What Will It Cost You To Help?

\$100.00 for your company name and phone number
